

Colorado Association for Infant Mental Health

An Affiliate of the World Association for Infant Mental Health

**CoAIMH ENDORSEMENT
FOR CULTURALLY SENSITIVE,
RELATIONSHIP-FOCUSED PRACTICE
PROMOTING INFANT MENTAL HEALTH**

COMPETENCY GUIDELINES

COAIMH ENDORSEMENT INTRODUCTION

The Michigan Association for Infant mental Health (MI-AIMH) is an interdisciplinary, professional organization established to nurture and promote the optimal development of infants, toddlers, and families through relationship-based training and advocacy efforts. Incorporated in 1977, MI-AIMH has offered infant mental health training opportunities to individuals and groups for over 25 years. Over 500 professionals attend the MI-AIMH Annual Conference each year; hundreds of service providers have participated in local or regional trainings designed to build a more skillful and confident work force; thousands of professionals benefit from publications like the *Infant mental Health Journal* and *The Infant Crier*; all members have access to up-to-date training videos which feature nationally and internationally known experts through the MI-AIMH library. With an annual membership of over 600 infant and family professionals and 13 affiliate chapters, MI-AIMH is indeed proud of its role as an infant mental health training association!

This year, MI-AIMH is proud to announce that it is expanding its professional activities to include the newly developed MI-AIMH Endorsement for Culturally Sensitive, Relationship-Based Practice Promoting Infant Mental Health. The MI-AIMH Endorsement is competency-based. These competencies have been identified and agreed upon by hundreds of service providers and professionals as crucial for effective, relationship-based practice.

The intent of the MI-AIMH Endorsement is to recognize the professional development of infant and family service providers within the diverse and rapidly expanding infant and family field. Endorsement by the Michigan Association for Infant Mental Health will verify that an applicant has attained a specified level of functioning and understanding based on a set of competencies that have been identified and agreed upon by hundreds of professionals, service providers, faculty members and policy makers in the infant and family field.

The MI-AIMH Endorsement will offer individuals in the infant and family field a professional development plan that focuses on knowledge, best practice skills, and supervised work experiences that lead to increased confidence and credibility within the infant and family field. Of additional importance, the MI-AIMH Endorsement will inform prospective employers, agencies and peers about culturally sensitive, relationship-based practice promoting infant mental health. Those who earn the MI-AIMH Endorsement will be recognized for their education, training, leadership roles and work experiences within a rapidly growing field.

A Brief Overview

There are four levels of competency within the MI-AIMH Endorsement:

1. Infant Family Associate
2. Infant Family Specialist
3. Infant Mental Health Specialist
4. Infant Mental Health Mentor

Each level recognizes the educational experiences, in-service training experiences, and work experiences appropriate for best service outcomes for infants, toddlers, and families.

1. Inquiry
2. Application
3. Preparation of a Portfolio
4. Documentation of Competencies
5. Endorsement

The process begins when a potential candidate calls or emails the Central Office to inquire about Endorsement. The office will send a general Endorsement brochure and a Preliminary Application. The candidate then returns the Application, along with the application fee, to the MI-AIMH Central Office. Upon review of the application, the Central Office confirms at which level the
Copyright © 2002 MI-AIMH

candidate is qualified to apply and forwards the informational packet to the candidate, including Competency Guidelines for that level. The candidate will then create his/her professional portfolio and arrange (if applying at Level 3 or 4) to take the written examination.

The portfolio consists of a list of all educational experience accompanied by official transcripts for all college courses, degrees and/or certificates; a list of all in-service training experiences (relevant to culturally sensitive, relationship-based practice promoting infant mental health); a list of all paid work experiences with/related to infants, toddlers, caregivers and families; reflective supervision experiences (as appropriate); three professional reference ratings; and a signed Code of Ethics.

The written exam is a 3-hour exam offered twice a year and is based on the identified competencies at Levels 3 & 4.

Following completion of the written exam, a three-member panel will review the exam and professional portfolio. The panel then makes recommendations to the Committee regarding endorsement.

MI-AIMH encourages continuing professional growth and development for all members. The Association requires providers who have successfully completed the MI-AIMH Endorsement at all levels to continue membership in MI-AIM and to participate annually in 15 hours of culturally sensitive, relationship-based training experiences that promote infant mental health practice.

Prerequisite Requirements:

- (1) Membership in MI-AIMH or an infant mental health association in another state;
- (2) Training/Education as specified and related to infants, toddlers, parents, other caregivers and families; and,
- (3) Experience working with infants, toddlers, parents, or other caregivers and families.

Colorado Association for Infant Mental Health

Competency Guidelines

LEVEL I, INFANT FAMILY ASSOCIATE

INTRODUCTION

The Level I Competency Guidelines were developed by the Michigan Association for Infant Mental Health to clearly describe the areas of expertise, responsibilities, and behaviors that demonstrate competency at this level.

COMPETENCY DETAIL

Area of Expertise

As Demonstrated By

Theoretical Foundations

Knowledge Areas
*pregnancy & early parenthood
infant & young child development
& behavior
Infant/young child & family-centered
practice
relationship-based practice
family relationships & dynamics
attachment, separation, trauma & loss
cultural competence*

For infants, young children, and families referred and enrolled for services:

- Informally (and in some cases, formally) observes and assesses the infant/young child, parent, and parent-infant/young child relationship to identify landmarks of typical child development behavior and healthy, secure relationships
- Supports and reinforces parent's ability to seek appropriate care during pregnancy
- Supports and reinforces parent strengths, emerging parenting competencies, and positive parent-infant/young child interactions
- Demonstrates awareness of conditions that optimize early infant brain development
- Recognizes conditions which require the assistance of other service providers; refers these situations to the supervisor
- Shares with families an understanding of infant and family relationship development
- Applies understanding of cultural competence to communicate effectively, establish positive relationships with families, and demonstrate respect for the uniqueness of each client family's culture

Law, Regulation & Agency Policy

Knowledge Areas
*ethical practice
government, law & regulation
agency policy*

- Exchanges complete and unbiased information in a supportive manner with families and other team members
- Practices confidentiality of each family's information in all contexts, with exception only when making necessary reports to protect the safety of a family member (*e.g.*, Children's Protective Services, Duty to Warn, etc.)
- Maintains appropriate personal boundaries with infants/young children and families served, as established by the employing agency
- Promptly and appropriately reports harm or threatened harm to a child's health or welfare to Protective Services after discussion with supervisor.
- Accurately and clearly explains the provisions and requirements of federal, state and local laws affecting infants/young children and families (*e.g.*, Part C of IDEA, child protection, child care licensing rules and regulations) to families
- Shares information with non-citizen families and service agencies about the rights of citizen children of non-citizen parents
- Personally works within the requirements of :
 - Federal and state law
 - Agency policies and practices
 - Agency code of conduct

COMPETENCY DETAIL

Area of Expertise

As Demonstrated By

Systems Expertise

Knowledge Areas
service delivery systems
community resources

- Assists families to anticipate and obtain the basic requirements of living & other needed services from public agencies and community resources
- Collaborates and communicates with other service agencies to ensure that the child(ren) and family receives services for which they are eligible and that the services are coordinated
- Helps parents build the skills they need to access social support from extended family, neighbors, and friends needed and as available in the community
- Makes families and service providers/agencies aware of community resources available to families during pregnancy and the child's early years

Direct Service Skills

Knowledge Areas
observation & listening
screening & assessment
responding with empathy
advocacy
life skills
safety

For infants, young children, and families referred and enrolled for services:

- Establishes trusting relationship that supports the parent(s) and infant/young child in their relationship with each other, and that facilitates needed change
- Uses example, encouragement, and own life experience to:
 - Empower families to become socially and emotionally self-sufficient
 - Create nurturing, stable infant/young child-caregiver relationships
- Provides direct care and teaching/developmental activities to children and families with multiple, complex risk factors to help ensure healthy pregnancy outcomes and the optimal development of the child in all domains (physical, emotional, cognitive)
- Participates in formal and informal assessments of the infant's/young child's development, in accordance with standard practice
- Formally and informally observes the parent(s) or caregiver(s) and infant/young child to understand the nature of their relationship, developmental strengths, and capacities for change
- Provides information and assistance to parents or caregivers to help them:
 - Understand their role in the social and emotional development of infants/young children
 - Understand what they can do to promote health, language and cognitive development in infancy and early childhood
 - Find pleasure in caring for their infants/young children
- Promotes parental competence in:
 - Facing challenges
 - Resolving crises and reducing the likelihood of future crises
 - Solving problems of basic needs and familial conflict

Note: In some agencies, this may be the responsibility of the supervisor/Level 2 practitioner.
- Advocates for services needed by child(ren) and families with the supervisor, agencies, and programs
- Recognizes environmental and care giving risks to the health and safety of the infant/young child and parents, and takes appropriate action

Competency Detail

Area of Expertise

As Demonstrated By

Working with Others

Skill Areas

*building & maintaining relationships
supporting others
collaborating
resolving conflict
empathy & compassion*

- Builds and maintains effective interpersonal relationships with families and professional colleagues by:
 - Respecting and promoting the decision-making authority of families
 - Understanding and respecting the beliefs and practices of the family's culture
 - Following the parents' lead
 - Following through consistently on commitments and promises
 - Providing regular communications and updates
- Works with and responds to families and colleagues in a tactful and understanding manner
- Collaborates and shares information with other service providers and agencies to ensure the safety of the infant/young child and effective, coordinated services, and to promote awareness of relationship-based approaches to working with children
- Works constructively to find “win-win” solutions to conflicts with colleagues (*e.g.*, interagency, peer-peer, and/or supervisor-supervisee conflicts)

Communicating

Skill Areas

*listening
speaking
writing*

- Actively listens to others; asks questions for clarification
- Uses appropriate non-verbal behavior and correctly interprets others' non-verbal behavior
- Communicates honestly, sensitively, and empathically with families, using non-technical language
- Obtains translation services as necessary to ensure effective communication with families who do not speak English
- Writes clearly, concisely, and with the appropriate style (business, conversational, etc.) in creating notes, reports, and correspondence

Thinking

Skill Areas

*analyzing information
solving problems
exercising sound judgment
maintaining perspective
planning & organizing*

- Sees and can explain the “big picture” when analyzing situations
- Sees and can explain the interactions of various factors
- Assigns priorities to needs, goals, and actions
- Considers difficult situations carefully
- Evaluates alternatives prior to making decisions
- Integrates all available information and consults with others when making important decisions
- Generates new insights and workable solutions to issues related to effective relationship-based, family-centered care
- Defines, creates a sequence for, and prioritizes tasks necessary to perform role and meet the needs of families
- Employs effective systems for tracking individual progress, for assuring follow up, and for monitoring the effectiveness of service delivery as a whole

Competency Detail

Area of Expertise

As Demonstrated By

Reflection

Skill Areas

contemplation
self awareness
curiosity
professional/personal development
emotional response

- Regularly examines own thoughts, feelings, strengths, and growth areas
- Seeks the ongoing support and guidance of the supervisor to:
 - Ensure that family progress and issues are communicated and addressed
 - Determine actions to take
 - Help maintain appropriate boundaries between self and families
- Seeks a high degree of agreement between self-perceptions and the way others perceive him/her
- Remains open and curious
- Identifies and participates in appropriate learning activities
- Keeps up-to-date on current and future trends in child development and relationship-based practice
- Uses reflective practice throughout work with infants/young children and families to understand own emotional response to infant/family work
- Understands capacity of families to change.
- Recognizes areas for professional and/or personal development

Colorado Association for Infant Mental Health

Competency Guidelines

LEVEL II, INFANT FAMILY SPECIALIST

INTRODUCTION

The Level II Competency Guidelines were developed by the Michigan Association for Infant Mental Health to clearly describe the areas of expertise, responsibilities, and behaviors that can demonstrate competency at this level.

COMPETENCY DETAIL

Area of Expertise

As Demonstrated By

Theoretical Foundations

Knowledge Areas

*pregnancy & early parenthood
infant & young child development
and behavior
Infant/young child & family-centered
practice
relationship-based, therapeutic
practice
family relationships & dynamics
attachment, separation, trauma & loss
disorders of infancy/early childhood
cultural competence*

For infants, young children, and families referred and enrolled for services:

- During observations and assessments, identifies emerging competencies of the infant and young child within a relationship context
- Supports and reinforces parent's capacity to seek appropriate care during pregnancy
- Supports and reinforces each parent's strengths, emerging parenting competencies, and positive parent-infant/young child interactions and relationships
- Helps parents to:
 - "See" the infant/young child as a person, as well as all the factors (playing, holding, teaching, etc.) that constitute effective parenting of that child
 - Derive pleasure from daily activities with their children
- Shares with families realistic expectations for the development of their infants/young children and strategies that support those expectations
- Demonstrates familiarity with conditions that optimize early infant brain development
- Recognizes risks and disorders of infancy/early childhood conditions which require the assistance of other professionals from health, mental health, education, and child welfare systems
- Shares with families an understanding and appreciation of family relationship development
- Applies understanding of cultural competence to communicate effectively, establish positive relationships with families, and demonstrate respect for the uniqueness of each client family's culture

Law, Regulation & Agency Policy

Knowledge Areas

*ethical practice
government, law & regulation
agency policy*

- Exchanges complete and unbiased information in a supportive manner with families and other team members
- Practices confidentiality of each family's information in all contexts with exception only when making necessary reports to protect the safety of a family member (*e.g.*, Children's Protective Services, Duty to Warn, etc.)
- Maintains appropriate personal boundaries with infants/young children and families served, as established by the employing agency
- Promptly and appropriately reports harm or threatened harm to a child's health or welfare to Protective Services
- Accurately and clearly explains the provisions and requirements of federal, state and local laws affecting infants/young children and families (*e.g.* Part C of IDEA, child protection, child care licensing rules and regulations) to families, child or foster care staff, community-based programs
- Shares information with non-citizen families and service agencies about the rights of citizen children of non-citizen parents
- Personally works within the requirements of:
 - Federal and state law
 - Agency policies and practices
 - Professional code of conduct

COMPETENCY DETAIL

Area of Expertise

As Demonstrated By

Systems Expertise

Knowledge Areas
service delivery systems
community resources

- Assists families to anticipate, obtain, and advocate for concrete needs & other services from public agencies and community resources
- Actively seeks resources to address child and family needs
- Works collaboratively with and makes referrals to other service agencies to ensure that the child(ren) and family receives services for which they are eligible and that the services are coordinated
- Helps parents build the skills they need to access social support from extended family, neighbors, and friends needed and as available in the community
- Makes families and service providers/agencies aware of community resources available to families

Direct Service Skills

Knowledge Areas
observation & listening
screening & assessment
responding with empathy
advocacy
life skills
safety

For infants, young children, and families referred and enrolled for services:

- Establishes trusting relationship that supports the parent(s) and infant/young child in their relationship with each other, and that facilitates needed change
- Provides services to children and families with multiple, complex risk factors
- Formally and informally observes the parent(s) or caregiver(s) and infant/young child to understand the nature of their relationship, developmental strengths, and capacities for change
- Conducts formal and informal assessments of infant/young child development, in accordance with established practice
- Effectively implements relationship-based, therapeutic parent-infant/young child interventions that enhance the capacities of parents and infants/young children
- Provides information and assistance to parents/or caregivers to help them:
 - Understand their role in the social and emotional development of infants/young children
 - Understand what they can do to promote health, language and cognitive development in infancy and early childhood
 - Find pleasure in caring for their infants/young children
- Nurtures the parents' relationship with each other, if one exists; alternatively, helps the custodial parent manage appropriate contact with the non-custodial parent
- Promotes parental competence in:
 - Facing challenges
 - Advocating on behalf of themselves and their children
 - Resolving crises and reducing the likelihood of future crises
 - Solving problems of basic needs and familial conflict
- Advocates for services needed by children and families with the supervisor, agencies, and programs
- Recognizes environmental and care giving risks to the health and safety of the infant/young child and parents, and takes appropriate action

Working with Others

Skill Areas

*building & maintaining relationships
supporting others/mentoring
collaborating
resolving conflict
empathy & compassion*

- Builds and maintains effective interpersonal relationships with families and professional colleagues by:
 - Respecting and promoting the decision-making authority of families
 - Understanding and respecting the beliefs and practices of the family's culture
 - Following the parents' lead
 - Following through consistently on commitments and promises
 - Providing regular communications and updates
- Works with and responds to families & colleagues in a tactful and understanding manner
- Provides positive, specific feedback to encourage and reinforce desired behaviors and interactions in families
- Assists families to develop the skills they need to become their own advocates
- Models appropriate behavior and interventions for new staff as they observe home visits
- Encourages parents to share with other parents (*e.g.* through nurturing programs, parent-child interaction groups, etc.)
- Collaborates and shares information with staff of child care, foster care, community-based programs, and other service agencies to ensure effective, coordinated services
- Works constructively to find “win-win” solutions to conflicts with colleagues (*e.g.*, interagency, peer-peer, and/or supervisor-supervisee conflicts)
- Provides emotional support to parents/caregivers and children when sad, distressed, etc.

Communicating

Skill Areas

*listening
speaking
writing*

- Actively listens to others; asks questions for clarification
- Uses appropriate non-verbal behavior and correctly interprets others' non-verbal behavior
- Communicates honestly, sensitively, and empathetically with families, using non-technical language
- Obtains translation services as necessary to ensure effective communication with families who do not speak English
- Writes clearly, concisely, and with the appropriate style (business, conversational, etc.) in creating notes, reports and correspondence

Colorado Association for Infant Mental Health

Competency Guidelines

LEVEL IV, INFANT MENTAL HEALTH MENTOR

INTRODUCTION

The Level IV Competency Guidelines were developed by the Michigan Association for Infant Mental Health to clearly describe the areas of expertise, responsibilities, and the behaviors that demonstrate competency.

In both the Impact Map and the Competency Detail, you'll notice alphabetic codes in parentheses besides certain Competencies. These codes indicate the specific area(s) of responsibility that the competency most directly impacts, as follows:

- C** Core Responsibilities
- S** Clinical Supervision, Consultation & Training
- T** Teaching, Research & Evaluation
- P** Policy/Program Administration

For example, the code "C" beside "Working with Others" indicates that this competency group directly impacts the Core Responsibilities area.

<p style="text-align: center;">Administration</p> <p style="text-align: center;"><u>Skill Areas</u></p> <p style="text-align: center;"><i>program management</i> <i>program development</i> <i>program evaluation</i> <i>program funding</i></p>	<p><i>For Level 4 professionals focused on Policy/Program Administration (all are P):</i></p> <ul style="list-style-type: none"> • Manages one's organization from the perspective of relationship-based service and infant/young child- and family-centered practice • Identifies opportunities and needs for program improvements, expanded services, and new services • Partners with agencies, programs, legislative bodies, and/or service systems to develop new programs and/or achieve program improvements • May take the lead in realizing new programs/improvements • Establishes and monitors process and outcomes measures for continuous quality improvement; feeds information back to staff • Assists agencies, programs, legislative bodies, and service systems in obtaining funding, including grant development and preparation • Advocates for funds/programming for effective service delivery to families outside of the dominant culture • Promotes research for program improvements in regards to multi-cultural service delivery
<p style="text-align: center;">Research and Evaluation</p> <p style="text-align: center;"><u>Skill Areas</u></p> <p style="text-align: center;"><i>study of infant relationships & attachment</i> <i>study of infant development and behavior</i> <i>study of families</i></p>	<p><i>For Level 4 professionals focused on Teaching, Research and Evaluation (all are T):</i></p> <ul style="list-style-type: none"> • Generates research questions that promote infant mental health • Generates new knowledge and understanding of infants, parents, caregivers and relationship-based practice based on sound research • Assists programs and agencies in measuring outcomes related to the optimal well-being of infants, toddlers, families and their caregiving communities • Generates research that reflects cultural competence in the infant-family field • Applies research findings to culturally sensitive, relationship-based practice promoting infant mental health • Shares his/her generated knowledge with other via publication and/or presentations in/at infant-family related books, journals, and conferences

GLOSSARY

Attachment: An emotional bond between a parent/primary caregiver and infant that develops over time and as a result of positive careseeking behaviors (e.g., crying, smiling, vocalizing, grasping, reaching, calling, following) and responsive caregiving (e.g., smiling, talking, holding, comforting, caressing).

Candidate: a professional/service provider who has applied for the MI-AIMH Endorsement at Levels 1, 2, 3, or 4.

Candidate's Waiver: an agreement signed by an endorsement candidate waiving the right to review professional reference forms.

Children's Protective Services: a state-wide system to prevent or treat the abuse and neglect of children within the Family Independence Agency.

Collaborate: Work willingly with other direct service providers, parents, community agencies, faculty, and other professionals to obtain, coordinate, and research services that effectively nurture infants and families.

Competency Guidelines: Describe specific areas of expertise, responsibilities and behaviors that are required to earn the MI-AIMH Endorsement at Level 1 (Infant Family Associate), Level 2 (Infant Family Specialist), Level 3 (Infant Mental Health Specialist), and Level 4 (Infant Mental Health Mentor). Areas of expertise, very generally described here, include theoretical foundations; law, regulation and policy; service systems; direct service skills; working with others; communicating; reflection; and thinking.

Consultation: an opportunity for professionals/service providers to meet regularly with an experienced infant mental health professional to examine thoughts and feelings in relationship to work with infants, toddlers, and families.

Cultural Competence: The ability to observe, understand and respond, appreciating individual capacities and needs of infants, toddlers and families with respect for their culture, including race, ethnicity, values, behaviors and traditions.

Cultural Sensitivity: The ability to respect and acknowledge differences in beliefs, attitudes and traditions related to the care and raising of young children, remaining open to different points of view and approaching families with respect for their cultural values.

Early Childhood-Related Professional: a professional/service provider who works with infants and very young children (birth to five years). Examples include a child care provider, an early head start teacher, a family support specialist, a home visitor, a maternal support specialist, and an infant mental health specialist.

Endorsement: Recognition and documentation of competency within the infant and family field.

Family-Centered Practice: the infant and family professional/service provider's ability to focus on the infant or toddler within the context of the family and to respect the family's strengths and needs as primary.

Infant Family Associate: a professional/service provider who meets the requirements for MI-AIMH Endorsement at Level 1.

Infant Family Specialist: A professional/service provider who meets the requirements for MI-AIMH Endorsement at Level 2.

Infant Mental Health: An interdisciplinary field dedicated to promoting the social and emotional well-being of all infants, toddlers, and families within the context of secure and nurturing relationships. Infant mental health services support the growth of healthy attachment relationships in early infancy, reducing the risk of delays or disorders and enhancing enduring strengths.

Infant Mental Health Mentor: a professional/service provider who meets the requirements for MI-AIMH Endorsement at Level 4.

Infant mental health specialist: a professional/service provider who meets the requirements for MI-AIMH Endorsement at Level 3.

Intensive In-Service Training: training experiences that offer opportunities for discussion and reflection about the development, behavior or treatment of infants and toddlers within the context of the family; full day training experiences or training over time, e.g., 6 hours monthly for 6 months; 3 hours monthly for 12 months.

Mentor: an experienced infant mental health professional who offers guidance, support and learning opportunities to professionals/service providers within the infant and family field. An Infant Mental Health Mentor meets the requirements for MI-AIMH Endorsement at the highest level, Level 4.

MI-AIMH Endorsement Advisor: a professional/service provider who meets the requirements for endorsement at Levels 2, 3, or 4, is a member of MI-AIMH, and who agrees to guide an endorsement candidate through the MI-AIMH Endorsement process.

MI-AIMH Endorsement Committee: members identified by the MI-AIMH President and Executive Board to develop the endorsement for infant and family professionals/service providers for the association.

Observation: the infant and family professional/service provider's ability to describe what he/she sees when working with infants and families and to examine and reflect on the meaning of those observations with a colleague or supervisor/consultant.

Professional Development Plan: an individual approach to professional growth within the infant and family field that encourages the fulfillment of requirements for the MI-AIMH Endorsement through education, training, and supervised work experiences.

Reflective: Self aware, able to examine one's professional and personal thoughts and feelings in response to work within the infant and family field.

Reflective practice: Able to examine one's thoughts and feelings related to professional and personal responses within the infant and family field.

Relationship-based practice: Values early developing relationships between parents and young children as the foundation for optimal growth and change; directs all services to nurture early developing relationships within families; values the working relationship between parents and professionals as the instrument for therapeutic change; values all relationship experiences, past and present, as significant to one's capacity to nurture and support others.

Service Plan: a plan for family guidance, support and intervention that is discussed and mutually agreed upon by a professional/service provider and parent(s).

Supervision: a learning experience in which a professional/service provider meets regularly with an experienced infant mental health professional to examine professional and personal thoughts and feelings in relationship to work in the infant and family field.
