	separations, trauma, and/or unresolved losses as they affect the development, behavior and care of the infant/very young child and the emerging attachment relationship. The unresolved losses, or “ghosts” might be from the caregivers’ own early childhood or may be more recent. Work on unresolved losses does not have to be explicit with every family with whom the applicant works. But the applicant must have had the training and RS/C that prepares them to provide that level of intervention when it is appropriate for a referred family.			

ALL Endorsement applicants have to sign a *Code of Ethics & Endorsement Agreement*, provide *Documentation of Competencies*, and have a current Professional Membership with COAIMH to complete their application.

*Successful completion of Exam required for Endorsement (currently offered twice/year).

**COAIMH does not currently require that reflective supervisors have Endorsement. (We are currently building capacity to make this a requirement beginning January 1, 2018.) In the meantime, non-Endorsed RS/C providers must meet the requirements for Endorsement at a specific category. Contact COAIMH’s Endorsement Coordinator for details: Co.endorsement.coordinator@gmail.com.

Endorsement Renewal: All Endorseees have to complete a minimum of 15 clock hours/year of relationship-based education and training, pertaining to the promotion of social-emotional development and/or the practice of infant mental health (e.g. regional training, related course work at colleges or universities, infant mental health conference attendance) and maintain a current COAIMH membership. Documentation of training hours submitted with membership renewal.
