

Our Practice:

Rocky Mountain Health Centers Pediatrics (RMHCP) is a thriving outpatient pediatric practice in Aurora, CO. Our practice aims to give quality health care and to be a medical home to our patients. This involves not only looking at the physical health of the patient, but also the mental health of the patient and family as well as the home life and resources available to the family. RMHCP is looking for a Behavioral Health Clinician (BHC) to provide consultation services, brief and solution-focused therapy, and referral coordination in collaboration with our pediatricians and staff. The BHC is an integral member of the physician team and provides services along the continuum of health promotion and prevention to crisis intervention and safety planning support.
