EARLY INTERVENTION PROVIDER JOB DESCRIPTION

Early Intervention Provider – Infant/Early Childhood Mental Health Specialist

McNamee & Associates promotes and supports the positive development of infants, young children and families through developmentally appropriate, relationship and play-based therapies, as well as supporting providers in the community through consultation and training. We are a small therapeutic practice that provides in-home services throughout the Denver Metro Area. Our services work to support children with developmental delays and/or disabilities and focus on infant/early childhood mental health, positive social/emotional development, challenging behavior, and supporting children with autism spectrum disorders.

McNamee & Associates, LLC is looking for someone who is open to learning; feels most comfortable working collaboratively as a member of a team with professionals and parents; is interested in babies, young children, and families; has a good understanding of family systems work; is good at managing boundaries with clients; and thrives when given the opportunity to sit down and process the work they are doing. We offer a flexible schedule and the opportunity to make a difference in the lives of infants, toddlers, and families who are receiving services through Colorado's Early Intervention Program.

Supervision – both individual and team – is provided for all clinicians and therapists, including those working towards their clinical social work and professional counselor licenses. McNamee & Associates, LLC is an Equal Opportunity Employer and is currently offering a full-time position that will have the opportunity to serve the northern and central parts of Jefferson county, as well as the northern part of Arapahoe and Denver counties.

Duties:

- Build strong relationships with children, families, and providers
- Plan and implement intervention services that are individualized to each child/family's needs
- Provide creative strategies that fit into each family's daily routine and help to meet family goals, as well as provide education on child development and support families in their journey
- Participate in team meetings
- Document progress and set new goals
- Complete screenings, evaluations, and reports, as needed

Qualifications:

- Licensed mental health professional in the state of Colorado (LSW*, LCSW, LPCC*, LPC, LMFT) or Early Childhood Special Educator
 - *Supervision for those working towards full clinical licensure (LCSW and LPC) is available
- Training/experience/interest working with children birth-3 and their families

- Understanding of family systems is a must; understanding of infant/early childhood mental health, child development (an overall understanding of development in children birth-3 is important, though a strong understanding of social-emotional development is most important), and autism spectrum disorders are strongly preferred
- Bilingual in Spanish and English strongly preferred
- Interest in providing in-home services

Benefits:

- Flexible schedule
- Competitive per visit compensation
- Health insurance for full-time positions
- Working as an integral member of a strong, reflective team
- Training and career development opportunities

If you are interested in learning more about this position, please send questions and/or a cover letter and resume to Sarah McNamee at sarah@mcnameeassociates.com. Interviews will begin mid-December and continue until the position is filled.
