

Position Posting:

Position Title:

1. Child Psychologist (Independent Contractor).
** with preference for candidates also interested in working with adults*
2. Early Childhood Psychologist (Independent Contractor).

Summary: Birch Psychology is seeking two child psychologists licensed in the state of Colorado. We are seeking individuals interested in both clinical and assessment services. The psychologists will work closely and collaboratively with a team of clinicians that provide support to one another, as well as to our patients. The ideal candidate is flexible in their clinical approach, with a skill-set that can integrate relational/dynamic models of therapy as well as behavioral/skill-based techniques. Furthermore, the ideal candidate will possess flexibility in being able to work with children across the age span and adults.

Birch Psychology is a group private practice comprised of clinicians that work with individuals across the age span. We hold specialties in the areas of grief/loss, trauma, early childhood mental health, child and family psychology, and assessment. Our assessment services include psycho-educational assessments, and personality assessments (social/emotional). You can learn more about our practice at www.birchpsychology.com.

Responsibilities:

- Providing therapeutic services to a variety of presenting concerns, ages and within multiple modalities (e.g., individual, family, couples, group)
- Performing psychological/diagnostic evaluations.
- Support and sustain a case load through professional development/networking within the community.
- Attend and participate in multiple consultation meetings per week as a method of providing and receiving support regarding cases.
- Demonstrate an understanding of case conceptualization and formulation of therapy and assessment plans (e.g., goals).

Location: Denver, CO (Capitol Hill).

Ideally, this individual would be available for both tele-health (remote) and in-person services.

Qualifications/Skills:

Necessary:

- * PhD or PsyD in Clinical, School or Counseling Psychology.
- * Licensure in the state of Colorado
- * Current malpractice insurance

* 2-3 years of experience post-licensure

Preferred:

* Experience working in a private practice setting

* Excellent technology skills
